

# A NEW DEFINITION OF QUALITY

Premium Automotive & Heavy Duty Lubricants

Performance like nothing else<sup>®</sup>

**TRIAX**  
PREMIUM LUBRICANTS

First and foremost, TRIAX Lubricants is specialized in formulating custom lubricants tailored for military, commercial, and consumer applications. Our focus and expertise lie in creating lubricants that meet demanding performance requirements, beyond what main-line lubricants can offer.

Over the years, we've developed unique formulations that surpass commonly available off-the-shelf lubricants. In 2014, we made the decision to introduce some of these formulations to the general consumer market, thus giving rise to the TRIAX brand. Our products offer superior durability, longevity, and stability, along with enhanced friction management compared to most alternatives.

We prioritize performance in our products, aiming to deliver significant and measurable cost savings for operation, improved functionality, ultimately achieving the lowest possible cost per hour of operation.

## What sets us apart.

The most significant differences between TRIAX and everyone else are the cutting edge, modified fluid formulations. We formulate lubricants that not only meet specifications but exceed them.

**We design products that not just work, but excel. Products that make a difference. Real world functionality improvements making a difference for the people and businesses who use them.**

## Our markets

- Military
- Agriculture
- Industrial
- Automotive
- Construction
- Heavy duty trucking

# Performance like nothing else<sup>®</sup> EVERY MINUTE. EVERY MILE. EVERY TIME.

## EVERY PARAMETER IMPROVED

Our oils have been modified and improved vs standard oils. Most, if not all, performance metrics have been boosted, compared to industry and OEM standards.

## EVERY STANDARD EXCEEDED

TRIAX oils are guaranteed to meet and exceed the specifications and OEM approvals they were built for.

## SUPERIOR ALTERNATIVE TO EXPENSIVE OEM FLUIDS

All TRIAX fluids are designed to be direct replacements for OEM fluids in their respective applications, often far surpassing OEM fluid performance.

## IMPROVED EQUIPMENT FUNCTIONALITY

You will see significant, real functionality improvements in your day to day operations.

- Quieter engines
- Smoother shifting transmissions
- Precise and flawless hydraulic operations
- Complete OEM specification compliance
- Improved fuel economy

# EUROPEAN CAR ENGINE OILS

Perfectly engineered to protect the world's most advanced turbo-charged and super-charged gasoline and diesel engines such as BMW, Audi, Porsche, Ferrari, VW, Lamborghini, Range Rover and many others.

VIEW ONLINE

**NANO BORON & MOLY**  
Multi-Layering Tribofilm

# SYNTHETIC MOTORCYCLE ENGINE OILS

Engineered for high revving, high torque speed, racing and classic V-Twin and dirt motorcycles, for both racing and street use. Unique formulation provides superb power curve, rapid RPM reach and recovery, excellent clutch hold and fast, smooth gear shifting.

VIEW ONLINE

# GREASES LIKE NO OTHER

Unmatched protection and durability for any automotive, industrial and marine applications. Better EP load, high temp, high adhesion, virtually waterproof, 50-70% less wear than most other products.

VIEW ONLINE

# SYNTHETIC AUTOMATIC TRANSMISSION FLUIDS

One of the most complete ranges of ATFs of any brand. Top notch performance delivers exceptionally smooth, slip & stick free shifting. All with total OEM compliance.

**SURE-SHIFT® TECHNOLOGY**  
**ANTI-SHudder DURABILITY**

Ultra smooth shifting, without slipping, sticking or vibration.

# AGRICULTURAL FLUIDS

The ultimate selection of farm equipment lubricants. Engine oils, hydraulic and transmission fluids with total OEM cross-compatibility for older and modern farm equipment. Tractor fluids that exceed every OEM specification and friction modified engine oils specifically designed for sustained low speed, high torque, high power agricultural applications.

Widely Compatible with All Major OEMs

JOHN DEERE

CASE

CLAAS

KUBOTA

CUB CADET

MASSEY FERGUSON and many others.

**TRIAx**  
PREMIUM  
LUBRICANTS

**AGRA UTTO SUPREME**  
FULL SYNTHETIC TRACTOR TRANS-HYDRAULIC OIL

15W-40

**TRIAx**  
PREMIUM  
LUBRICANTS

**AGRA PLUS ESP**  
Synthetic Based Friction Modified Diesel Engine Oil  
Designed for the P100 High Torque Agricultural Application

15W-40

**TRIAx**  
PREMIUM  
LUBRICANTS

**AGRA SUPREME**  
Synthetic Based Friction Modified Diesel Engine Oil  
Designed for Low Speed High Torque Agricultural Applications

15W-40

# TRANS ZERO 20W-50

Ultimate durability, commercial grade hydrostatic transmission fluid for Zero-Turn Mowers.

It fits every zero turn mower from major OEMs and delivers superior functionality. Improved torque transfer, better shifting, extremely long life and durability.

## ALL-OEM COMPATIBLE

SCAG, Toro, Ferris, Snapper Pro, Gravely, Ariens, Exmark, Walker, Hustler, Wright, Dixie Chopper, John Deere, Husqvarna, EverRide, Bad Boy and Cub Cadet.

# SYNERGY SRT ENGINE OILS

Friction modified engine oils built to perform and protect like nothing else. SRT engine oils are reinforced with built in Nano Moly and Boron additive technology, providing superior engine operation and unmatched wear protection.

**NANO BORON & MOLY**  
Multi-Layering Tribofilm

SRT engine oils are API SP licensed and fit a large range of US, Asian and European vehicles.

# HEAVY DUTY HYDRAULIC FLUIDS

VIEW ONLINE

Premium in every sense. TRIAX Hydraulic fluids are designed to provide extreme durability, protection and fluid longevity.

Considerably better anti-wear protection, superior thermal stability and extremely long life make these fluids ideal for every type of operation.

**10,000 + HOURS**  
Operational life

**3 X ANTIWEAR**

**LOWEST COST PER  
OPERATING HOUR**

# SYNTHETIC RACING OILS

Unleash the full potential of your vehicle with Triax SVL Racing oils, delivering unmatched power, protection and reliability on the track and on the street. Trust in the cutting-edge technology and race-ready formulations to keep your engine performing at its absolute best. These oils contain very high Zinc and Moly levels to help protect your engine at peak RPMs and power.

# POWER STEERING AND VEHICLE HYDRAULIC FLUIDS

Total replacement for OEM fluids, with superior performance, complete compatibility and improved functionality for every vehicle on the road. Excellent steering operation, no more lazy or hard steering, protection against leaks and drastically improved system longevity.

**TRIAx**  
PERFORMANCE LIKE NOTHING ELSE™

**ASIAN GRADE**  
POWER STEERING FLUID  
OEM GRADE - FULL SYNTHETIC

**FULL FOR LIFE**  
Approved for use in TOYOTA, HONDA, NISSAN, SUBARU, MAZDA, HYUNDAI, KIA, VOLVO, SsangYong, and other Asian OEM vehicles.

**SAFETY FOR IN-HOURLY SERVICE**

**TRIAx ALL GRADES - 40°F to 212°F**  
Stable, Superior Oxidation Protection, Excellent Low-Temperature Fluidity & Low Viscosity at Startup.

# HEAVY DUTY TRANSMISSION FLUIDS

VIEW ONLINE

Super heavy duty transmission and drive train fluids for equipment in severe service conditions. These fluids are fully optimized for Deere, Caterpillar, Komatsu, Volvo, JCB and other leading construction equipment OEMs.

**Fully Optimized for CAT T0-4 and CAT T0-4M**

**More protection, smoother shifting,  
longer fluid and equipment life.**

VIEW ONLINE

# SUPER HEAVY DUTY DIESEL ENGINE OILS

Fleet ATLAS engine oils are designed for older (pre CK-4) super heavy duty off-road diesel engines, working in severe service conditions. These fluids have high shear stability and higher SAPS content to protect engines in off-road conditions.

# SMALL ENGINE & UTILITY LUBRICANTS

VIEW ONLINE

Full synthetic premium fluids for high temperature, high load small engines and hydraulic systems, including compressors, forklifts, generators and small tractors that work long hours in commercial settings and where lubricants need to keep up.

# GEAR AND DIFFERENTIAL OILS

## GL-4, GL-5 and specialty

Synthetic lubricants for a wide variety of gear systems: hypoid gears, manual transmissions, drive trains, transfer cases and differentials. Top tier chemistry with 750,000 mile drain intervals, exceptionally smooth shifting, outstanding wear protection and durability.
